

Japanese Government Support to Companies

Registered companies based in Japan, paying into the national employer's insurance scheme, should be eligible **further information should be sought directly from organisations below** (links in Japanese unless otherwise stated)

We are interested to hear about your experience in applying for this support in order to share learning among the UK business community. We would be grateful if you could [share your experience](#).

When the second supplementary budget comes into effect (around mid-June), more support will be available: the number of loans will be increased, basic interest rates lowered and/or interest subsidy limits raised. Further details will be posted on this site.
